Significant differences may exist between the costs incurred and the French rates serving as the basis for reimbursement. It is strongly advised that students to take out specific additional health insurance coverage valid for the country in question and for the duration of their internships, the course, from the insurance company of their choice (students' mutual insurance, parents' mutual insurance, ad hoc private company, etc.), or, possibly, after checking the extent of the guarantees proposed, from the host organization if it provides health coverage to interns under local law (see item b) below).

This postponement will be the subject of an amendment to the internship agreement.

(Article 10 continued)

If a joint request is made by the host organization and the intern to extend the duration of the internship up to the maximum duration prescribed by law (6 months), an amendment may be made to the agreement.

If any of the three parties (host organization, intern, educational institution) wish to put an end to the internship, such party must immediately inform the other two parties in writing. The reasons given will be examined in close consultation. The definitive decision to terminate the internship shall be made at the end of this consultation phase.
